

This section illustrates the materials that Gerda Ameristeel mill locations will not accept from any of its suppliers. Please find below some examples and photos of materials that are not accepted. Certain Gerda Ameristeel recycling yards may accept some of the following items. Please contact the appropriate yard for further information.

## Materials Not Accepted

### Sealed & Flammable Containers

Propane Tanks

Gas Tanks

Aerosol Containers

### Lead wheel weights [unless destined for shredder feedstock]

### Scrap Bearing Lead

Pipes with lead

Chemical tanks with lead lining

## Materials Not Accepted

PCB Containing Devices (capacitors, ballasts, microwave ovens, etc)

Ballasts

Capacitors

Batteries

Oil filters

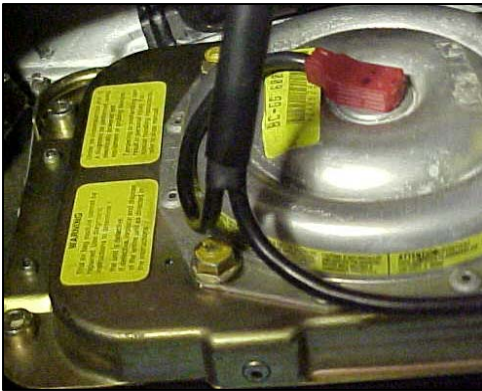

**Un-drained oil filters "unless they are completely drained and crushed, or destined as shredder feed stock"**

## Materials Not Accepted

Miscellaneous items (material containing Freon, transformers, liquids or sludge, lead battery cable ends, heavy steel, mercury-containing devices, computers, electronics, Chlorinated Plastics, etc.)

Air bag canisters

Mercury switches

Electronics

Computers

Heavy O/S Steel

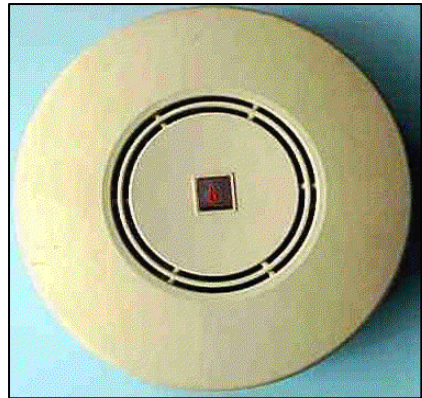

## Materials Not Accepted

Radioactive material (military equipment, fertilizer related equipment, etc)

Radium dial

Smoke detectors

Contaminants (dirt, wood, plastic, water, cement, tires, etc)

Wood

Tires

Cement
